

Pop-Up Blocker is enabled by default, however you can turn Pop-Up Blocker on and off using the Pop-Up Blocker menu ()

To turn Pop-Up Blocker on or off:

1. Click the **Pop-Up Blocker menu**.
2. Select "**Enable Pop-Up Blocker**".
3. If the checkmark was present, Pop-Up Blocker is now off. If the checkmark was not present, Pop-Up blocker is now enabled.

To check the status of Pop-Up Blocker:

1. Click the **Pop-Up Blocker toolbar icon**.
2. Look at the "**Enable Pop-Up Blocker**" line.
3. If there is a checkmark next to it, Pop-Up Blocker is enabled. Otherwise it is disabled.
4. You can also tell by the toolbar icon. It is yellow if enabled, and grey if disabled.
