20-3-.04 Number of Sitzings, Passing Grade and Granting of Credit, Release of Grades and Completion of Examination. Amended.

(1) Under the paper-and-pencil examination, an applicant for licensure is subject to the following:

- (a) At any sitting, the applicant must sit for all sections for which he or she has not yet received a passing grade. Failure to sit for all sections for which a passing grade has not been received will result in no credit being given for any section at that sitting.
- (b) A grade of at least 75 is hereby prescribed as a passing grade for each section.
- (c) An applicant shall be required to pass all sections of the Examination in order to qualify for a certificate. If at a given sitting of the Examination, an applicant passes two or more, but not all sections, the applicant shall be given credit for those sections passed, and need not sit for reexamination in those sections, provided:
 - 1. The applicant wrote all sections of the Examination at that sitting;
 - 2. The applicant attained a minimum grade of 50 on each section not passed at that sitting;
 - 3. The applicant passes the remaining sections of the Examination within five consecutive examinations given after the one at which the first sections were passed;
 - 4. At each subsequent sitting at which the applicant seeks to pass any additional sections, the applicant writes all sections not yet passed; and
 - 5. In order to receive credit for passing additional sections in any such subsequent sitting, the applicant attains a minimum grade of 50 on sections written but not passed on such sitting.
- (d) An approved applicant of this state may sit for the examination under the supervision of another state board provided the applicant complies with all applicable Rules of this Board.
- (e) Each applicant will receive in writing the grade earned on each section of the examination.
- (f) An applicant shall be deemed to have passed the CPA examination when he or she has been granted credit for all sections.

(2) An applicant may take the required test sections individually and in any order. Except as provided in paragraph (3) of this rule, credit for any test section(s) passed shall be valid for eighteen months from the actual date the applicant took that test section, without having to attain a minimum score on any failed test section(s) and without regard to whether the applicant has taken other test sections. The applicant shall also be subject to the following:

- (a) Applicants must pass all four test sections of the Uniform CPA Examination within a rolling eighteen-month period that begins on the date that the first test section is passed. A grade of at least 75 is hereby prescribed as a passing grade for each section.
- (b) Applicants cannot retake a failed test section(s) in the same examination window. An examination window refers to a three-month period in which applicants have an opportunity to take the examination (comprised of two months in which the examination is available to be

taken and one month in which the examination will not be offered while routine maintenance is performed and the item bank is refreshed). Thus, applicants will be able to test two out of three months within an examination window.

- (c) In the event all four test sections of the examination are not passed within the rolling eighteen-month period, credit for any test section(s) passed outside the eighteen-month period will expire and that test section(s) must be retaken.

(3) Effective with the implementation of the computer-based examination, applicants having unexpired conditional credits on the paper-and-pencil examination will retain conditional credits for the corresponding test sections of the computer-based examination as follows:

Paper-and-Pencil Examination	Computer-Based Examination
Auditing	Auditing and Attestation
Financial Accounting and Reporting	Financial Accounting and Reporting
Accounting and Reporting	Regulation
Business Law and Professional Responsibilities	Business Environment and Concepts

Such applicants will be allowed until October 31, 2005, or eighteen months from the first administration of the computer-based examination, whichever is longer, to complete any of the remaining test sections of the examination before the credits earned under the paper-and-pencil examination expire and the applicant loses credit.

(4) A first-time applicant who passes any section of the computer-based examination during the six months immediately following the first administration of the computer-based examination in Georgia shall retain credit for that section for a 24-month period beginning with the date the section of the exam was passed. At the end of the 24-month period, credit for that section expires. The section may be retaken pursuant to paragraph of this rule.

(5) The Board may extend the term of conditional credit validity in cases of substantial hardship as determined by the Board.

(6) An applicant shall be deemed to have passed the examination once the applicant holds, at the same time, valid credit for passing each of the four test sections of the examination. For purposes of this section, credit for passing a test section of the examination is valid from the actual date of the testing event for that test section, regardless of the date the applicant actually received notice of the passing grade.

20-3-.05 Cheating. Amended.

- (1) Cheating by an applicant in applying for, taking or subsequent to the examination will be deemed to invalidate any grade otherwise earned by an applicant on any test section of the examination and may warrant summary expulsion from the test site and disqualification from taking the examination for a specified period of time.
- (2) For purposes of this rule, the following actions or attempted activities, among others, may be considered cheating:
 - (a) Falsifying or misrepresenting educational credentials or other information required for admission to the examination;
 - (b) Communication between applicants while the examination is in progress both inside or outside the test site or copying another applicant's answers;
 - (c) Communication with others inside or outside the test site while the examination is in progress;
 - (d) Substitution of another individual to sit in the test site in place of the actual applicant;
 - (e) Violating the nondisclosure prohibitions of the examination or aiding or abetting another in doing so; or
 - (f) Retaking or attempting to retake a test section by an individual holding a valid license or by an applicant who has unexpired credit for having already passed the same test section, unless the individual or applicant has been expressly directed to retake the test section pursuant to a Board order or expressly authorized by the Board to retake the test section to participate in a "secret shopper" program.
- (3) In any case where it appears that cheating has occurred or is occurring, the applicant may be summarily expelled from the examination or moved to a position in the test site away from other examinees where the applicant may be watched more closely. Evidence of cheating is grounds for denial of a license.

Acceptable experience shall include employment in public accountancy, government, business, industry or academia;

(f) Submitted the application fee in the amount established by Board policy.

(2) The qualifying experience of an applicant for certification must be meaningful with respect to qualifying the applicant for the practice of public accountancy. The experience may consist of any type of services or advice using accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills. The Board shall look at such factors as the complexity and diversity of the work. The experience will be evaluated by the Board according to the following criteria.

(a) Qualifying experience in public accountancy shall mean employment as a staff accountant by a practicing CPA holding a current license to practice or a firm of such duly licensed accountants certified, registered or licensed to practice public accountancy in this state or by the duly constituted laws of any other sovereign state or country. The qualifying experience in subsection (2) (a) must be at least one year in duration and must include a minimum of 2,000 hours. Such experience shall be supervised by an individual who holds a license as a CPA.

1. Public accountancy work for purposes of this section shall mean the performance of any combination of services involving the use of accounting, auditing or attestation skills, one or more types of consulting services, the preparation of tax returns or the furnishing of advice on tax matters.
2. The work must involve the application of appropriate technical and behavioral standards such as standards contained in the Code of Professional Conduct, Generally Accepted Auditing Standards, Statements on Standards for Attestation Engagements, Statements on Standards for Accounting and Review Services, the Statement on Standards for Tax Services, the Statements on Standards for Management Consulting Services, International Financial Reporting Standards, or other such standards as designated by policy statements of the Board.

(b) Qualifying experience in lieu of such years of experience in public accountancy shall mean employment in the accounting field in industry, business, government or college teaching, any combination of the above and experience in public accountancy. Self-employment experience shall not be considered qualifying experience.

1. For qualifying experience in industry or business the applicant must (a) have been employed by an individual or entity in the performance of duties primarily involving the use of financial accounting and auditing skills, which follow Generally Accepted Accounting Principles; and (b) have been supervised by an individual who holds a current license or registration to practice public accountancy as a CPA or registered public accountant licensed by this state or by the duly constituted laws of any other state or by the equivalent licensed by another country. Acceptable supervision shall include that by individuals employed by the entity or a related entity for which the applicant seeks qualifying experience and other supervision as may be approved by the Board. In

addition, the applicant may have performed duties involving the installation of internal control systems; the use of management advisory, financial advisory, or consulting skills; or compliance with accounting aspects of tax or regulatory laws. The qualifying experience in this subsection must be at least one year in duration and must include a minimum of 2,000 hours.

2. For qualifying experience in government, the applicant must have been employed by a federal, state or local government agency which is appropriated public funds and whose employees are considered public employees and which is recognized by the Board as having the responsibility and organizational structure for performing auditing and accounting functions. The qualifying experience in this subsection must be at least one year in duration and must include a minimum of 2,000 hours work time. Qualifying experience for an applicant employed by the Internal Revenue Service as an internal revenue agent shall count only experience obtained at or above the GS 11 level.

One year of experience shall consist of no less than 24 semester hours, or the equivalent in quarter hours, taught in a period consisting of not less than twelve months and not more than thirty six (36) months.
 - (i) Courses outside the field of accounting will not be counted toward full-time teaching. Such courses include, but are not limited to: business law, finance, computer applications, personnel management, economics and statistics.
 4. Clerical functions shall not count under this section toward meeting the experience requirements. Clerical functions are positions that do not have accounting significance, including doing merely mathematical calculations, account analysis (looking into accounting books for specific information already recorded), and merely recording information in the general ledger (as opposed to compiling the information).
 5. Qualifying experience shall not count experience attained while the applicant is enrolled as a full-time student at a four year college or university where the purpose of such enrollment is to meet the education requirements for certification under Section 43-3-6 of the Act. The Board may consider exceptions to this rule on a case by case basis.

1. Involuntary termination by an employer;
 2. Illness;
 3. Full-time school attendance at a four year college or university which offers a baccalaureate degree;
 4. Maternity leave;
 5. Military leave;
 6. Relocation; or
 7. A break for any other reason for not more than one year.

- Any periods of time deemed to be acceptable breaks shall not be counted as part of the qualifying experience.
- (b) If an application is dated, and filed not more than one year subsequent to completion of qualifying experience, that experience shall be presumed by the Board to have been obtained within a reasonable time prior to the date of such application.
 - (c) Any other circumstances shall be reviewed by the Board on a case by case basis in its discretion.

20-11-.01 Introduction. Amended.

- (1) CPAs by virtue of their training have been certificated or licensed by the Board and, therefore, are eligible to provide the public with needed professional services not otherwise available. - (3) "Accounting and auditing courses" for purposes of this section shall be defined as follows:
 - (a) Accounting-related courses shall include, but not be limited to courses which enhance or develop understanding of generally accepted accounting principles, particularly as they relate to presentation of financial statements, as promulgated by authoritative literature in the United States and pronouncements of the Financial Accounting Standards Board and the Governmental Accounting Standards Board.

- (4) Up to fifteen hours of acceptable education completed during the period immediately preceding the renewal date of a license in excess of the requirements for such preceding period may be applied to satisfy the continuing professional education requirements of the following period. No carryover hours can be used to satisfy the accounting and auditing hours requirement provided for in this section.
- (5) Any licensee who has attained 70 years of age is exempt from the continuing professional education requirement for renewal of his or her individual license to practice public accountancy.

and of measurement and reporting of credits set forth in the Statement on Standards for Continuing Professional Education Programs published by the National Association of State Boards of Accountancy, or such other educational standards as may be established from time to time by the Board.

(3) Subjects of study other than those listed above will be acceptable if the applicant can demonstrate to the Board that they contribute directly to his or her professional competence. The responsibility for substantiating that a particular program is acceptable and meets the requirements rests solely upon the applicant.

(4) Continuing education programs requiring class or meeting attendance;

(a) General requirements:

Programs should be pre-tested to determine average completion time, and credit shall be calculated on the basis of the average completion time.
- (6) Credit may be awarded for published articles and books provided they contribute to the professional competence of the applicant. Credit for preparation of such publications may be given on a self-declaration basis up to 25% of the total hours required. In exceptional circumstances, an applicant may request additional credit by submitting the article(s) or book(s) to the Board with an explanation of the circumstances which he or she feels justify a greater credit.

20-11-.05 Calculation of Hours of Credit. Amended.

The following standards will be used to measure the hours of credit to be given for acceptable continuing education programs completed by individual applicants:

- (a) Programs requiring class or meeting attendance:
 1. All programs will be measured in terms of twenty-five minute segments or one-half, contact hours. The shortest recognized program will consist of one contact hour. A contact hour is 50 minutes of continuous participation in a group program. For example, a group program lasting 75 minutes would count for one and one-half hours; however, one lasting between 50 and 75 minutes would count for only 1 hour. For continuous conferences and conventions, when individual segments are less than 50 minutes, the sum of the segments should be considered one total program. For example, five 30 minute presentations would equal 150 minutes and should be counted as 3 contact hours. Sponsors will be required to monitor group programs in order to accurately assign the appropriate number of credit hours for participants who arrive late or leave before a program is completed. Credit will be allowed for a question-and-answer period, but will not be allowed for introductions, announcements or other activity which may be a part of the program;
 2. Only hours in class, or the equivalent, will be counted. No credit will be allowed for time devoted to preparation;
 3. Each hour of service as a lecturer or discussion leader of an acceptable formal program allows additional credit based on actual preparation time of up to two hours of continuing professional education. However, no additional credit will be allowed for repetition of the same program;
 4. Each semester hour of credit from a college or university shall be deemed to be fifteen hours, and each quarter hour of credit shall be deemed to be ten hours;
 5. Each classroom hour of noncredit courses from a college or university shall be counted as one hour of continuing professional education;
 6. Credit as an instructor, discussion leader or speaker will be allowed for any meeting or engagement provided that the session is one which would meet the continuing education requirements of those attending. The credit allowed for presentation by an instructor, discussion leader or a speaker will be on the basis of one hour of continuing education credit for each hour of teaching. No additional credit will be allowed for repetition of the same program.
- (b) Correspondence and other individual study programs:

1. In determining the amount of credit to be allowed for specific correspondence and individual study programs, the Board will determine the equivalency of the program to a comparable seminar or comparable course for credit in an accredited educational institution;
2. Individuals claiming credit for such courses will be required to obtain evidence of satisfactory completion of the course from the program sponsor;
3. Credit will be allowed in the renewal period in which the course is completed.

(c) Preparation of articles and books:

1. Each hour devoted to preparation of articles and books shall be deemed to be one hour of continuing professional education, but limited to twenty-five percent of total hours required in any two year period unless additional credit is specifically approved by the Board.

CODE OF PROFESSIONAL CONDUCT

20-12-.01 Introduction. Amended.

- (1) This Code of Professional Conduct is promulgated under the authority granted by Code Section 43-3-8(a)(2), which delegates to the Board the power and duty to prescribe rules of professional conduct for establishing and maintaining high standards of competence and integrity in the profession of public accountancy.
- (2) The Rules of Conduct set out below rest upon the premises that the reliance of the public in general, and of the business community in particular, on sound financial reporting, and, on the implication of professional competence which inheres in the authorized use of a legally restricted title relating to the practice of public accountancy, impose on individuals engaged in such practice certain obligations both to their clients and to the public. These obligations, which the Rules of Conduct are intended to enforce where necessary, include the obligation to maintain independence of thought and action, to strive continuously to improve one's professional skills, to observe where applicable generally accepted accounting principles and generally accepted auditing standards, to promote sound and informative financial reporting, to hold the affairs of clients in confidence, to uphold the standards of the public accountancy profession, and to maintain high standards of personal conduct in all matters affecting one's fitness to practice public accountancy.
- (3) Acceptance of licensure to engage in the practice of public accountancy, or to use titles which imply a particular competence so to engage, involves acceptance by the licensee of such obligations, and accordingly of a duty to abide by the Rules of Conduct.
- (4) The Rules of Conduct are intended to have application to all kinds of professional services performed in the practice of public accountancy, including tax and management advisory services, and to apply as well to all licensees, whether or not engaged in the practice of public accountancy, except where the wording of a Rule clearly indicates that the applicability is more limited.

- (5) A licensee who is engaged in the practice of public accountancy outside the United States will not be subject to discipline by the Board for departing, with respect to such foreign practice, from any of the Rules so long as his or her conduct is in accordance with the standards of professional conduct applicable to the practice of public accountancy in the country in which he or she is practicing. However, even in such case, if a licensee's name is associated with financial statements in such manner as to imply that he or she is acting as an independent public accountant and under circumstances that would entitle the reader to assume that United States practices are followed, he or she will be expected to comply with Rules 20-12-.08 and 20-12-.09.
- (6) In the interpretation and enforcement of the Rules of Conduct, the Board will give consideration, but not necessarily dispositive weight, to relevant interpretations, rulings and opinions issued by the Boards of other jurisdictions, and by appropriately authorized committees on ethics of professional organizations.

Authority O.C.G.A. Sec. 43-3-8. History. Original Rule entitled "Introduction" adopted. F. Feb. 9, 1978; eff. Mar. 1, 1978. Amended: F. June 11, 1985; eff. July 1, 1985. Amended: F. Aug. ____, 2014; eff. Aug. ____, 2014.

20-12-.02 Independence. Amended.

A licensee shall not express an opinion on financial statements of an enterprise in such a manner as to imply that he or she is acting as an independent public accountant with respect thereto unless he or she is independent with respect to such enterprise. Independence will be considered to be impaired if, for example:

- (a) During the period of his or her professional engagement, or at the time of expressing his or her opinion, the licensee:
1. Had or was committed to acquire any direct or material indirect financial interest in the enterprise; or
 2. Was a trustee of any trust or executor or administrator of any estate if such trust or estate had or was committed to acquire any direct or material indirect financial interest in the enterprise; or
 3. Had any joint closely-held business investment with the enterprise of any officer, director or principal stockholder thereof which was material in relation to the net worth of either the licensee or the enterprise; or
 4. Had any loan to or from the enterprise or any officer, director or principal stockholder thereof other than loans of the following kinds made by a financial institution under normal lending procedures, terms and requirements:
 - (i) Loans obtained by the licensee which are not material in relation to the net worth of the borrower;
 - (ii) Home mortgages; and
 - (iii) Other secured loans, except those secured solely by a guarantee of the licensee.
- (b) During the period covered by the financial statements, during the period of the professional engagement, or at the time of expressing an opinion, the licensee:
1. Was connected with the enterprise as a promoter, underwriter or voting trustee, a director or officer or in any capacity equivalent to that of a member of management or of an employee; or
 2. Was a trustee for any pension or profit-sharing trust of the enterprise.

(c) The foregoing examples are not intended to be all-inclusive.

20-12-.03 Integrity and Objectivity. Amended.

A licensee shall not in the performance of professional services knowingly misrepresent facts, nor subordinate his or her judgment to others. In tax practice, however, a licensee may resolve doubt in favor of his or her client as long as there is reasonable support for his or her position.

Authority O.C.G.A. Secs. 43-3-8, 43-3-21. History. Original Rule entitled "Integrity and Objectivity" was filed on February 9, 1978; effective March 1, 1978. Amended: F. Aug. ____, 2014; eff. Aug. ____, 2014.

20-12-.04 Commissions. Amended.

- (1) "Commission" means any item of value given or received by a licensee to or from any third party in return for suggesting the purchase of any product or service.
- (2) A licensee shall not recommend or refer to a client any product or service in exchange for a commission, recommend any product or service to be supplied by his or her client to a third party, or receive a commission when the licensee or the licensee's firm also performs for that client:
 - (a) An audit or review of a financial statement;
 - (b) A compilation of a financial statement when the licensee expects or reasonably might expect that a third party will use the financial statement and the licensee's report does not disclose a lack of independence; or
 - (c) An examination of prospective financial information.
- (3) The prohibition of subsection (2) of this section applies during the period in which the licensee is engaged to perform any of the services listed in subsection (2)(a), (b), and (c) and the period covered by any historical financial statements involved in the listed services.
- (4) A licensee who is not prohibited from receiving a commission and who is paid or expects to be paid a commission shall disclose that fact, in writing, to any individual or entity to whom the licensee recommends or refers a product or service to which the commission relates.
- (5) A licensee who accepts a fee for recommending or referring any service of another licensee to any individual or entity or who pays a fee to obtain a client shall disclose, in writing, the receipt or payment of the fee to the client.
- (6) This rule shall not prohibit:
 - (a) Payments for the purchase of an accounting practice; or
 - (b) Retirement payments to individuals, and their heirs or estates, who were formerly engaged in the practice of public accountancy.

Authority O.C.G.A. Secs. 43-3-8, 43-3-21. History. Original Rule entitled "Commissions" was filed on February 9, 1978; effective March 1, 1978. Amended: F. Dec. 17, 1996; eff. Jan. 6, 1997. Amended: F. Aug. ____, 2014; eff. Aug. ____, 2014.

20-12-.05 Contingent Fees. Amended.

- (1) "Contingent fee" means a fee established for the performance of any public accountancy service pursuant to a written or oral agreement in which no fee will be charged unless a specified finding or result is attained, or in which the amount of the fee is otherwise dependent upon the finding or result of the service.

- (2) A licensee shall not accept or perform any public accountancy services for a contingent fee or receive a contingent fee from a client for whom the licensee or the licensee's firm performs:
 - (a) An audit;
 - (b) A review;
 - (c) A compilation of a financial statement when the licensee expects or reasonably might expect that a third party will use the financial statement and the licensee's report does not disclose a lack of independence; or
 - (d) An examination of prospective financial information.
- (3) The prohibition of subsection (2) of this section applies during the period of time in which the licensee is engaged to perform those services and the period covered by any historical financial statements involved in those services.
- (4) A licensee in public practice shall not prepare for a contingent fee:
 - (a) An original or amended tax return or claim for a tax refund. Preparation of an original or amended tax return or claim for tax refund includes giving advice on events which have occurred at the time the advice is given if such advice is directly relevant to determining the existence, character, or amount of a schedule, entry, or other portion of a return or claim for refund; or
 - (b) An amended federal or state income tax return for a client claiming a refund of taxes because a deduction was inadvertently omitted from the return originally filed when there is no question as to the propriety of the deduction, rather the claim is filed to correct an omission.
- (5) The following are examples of circumstances where a contingent fee would be permitted regardless of whether the licensee or licensee's firm is performing the services specified in subsection (2) of this section:
