More detailed information regarding the flight will appear. The seat icon appears if access to view seating is available. Click on the seat icon for the Outbound or Return segment.

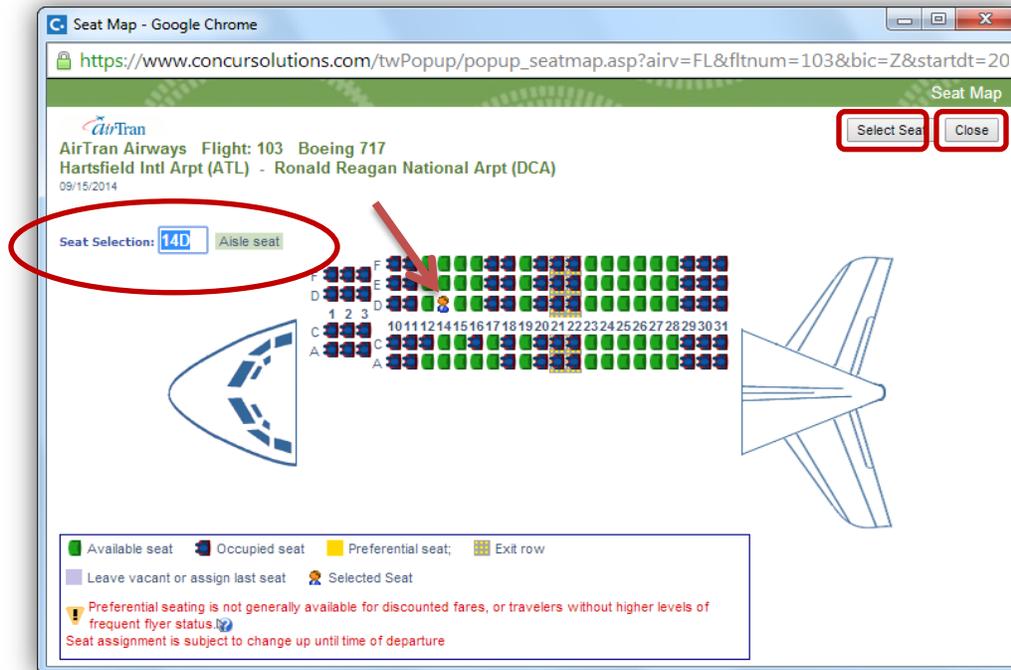

Please note the legend and seat information in red in the legend box.. To request an available seat, click on the green seat icon  for available seat you prefer.

**NOTE:** If you are only *viewing* available seats, click the **Close** button in the upper right corner.

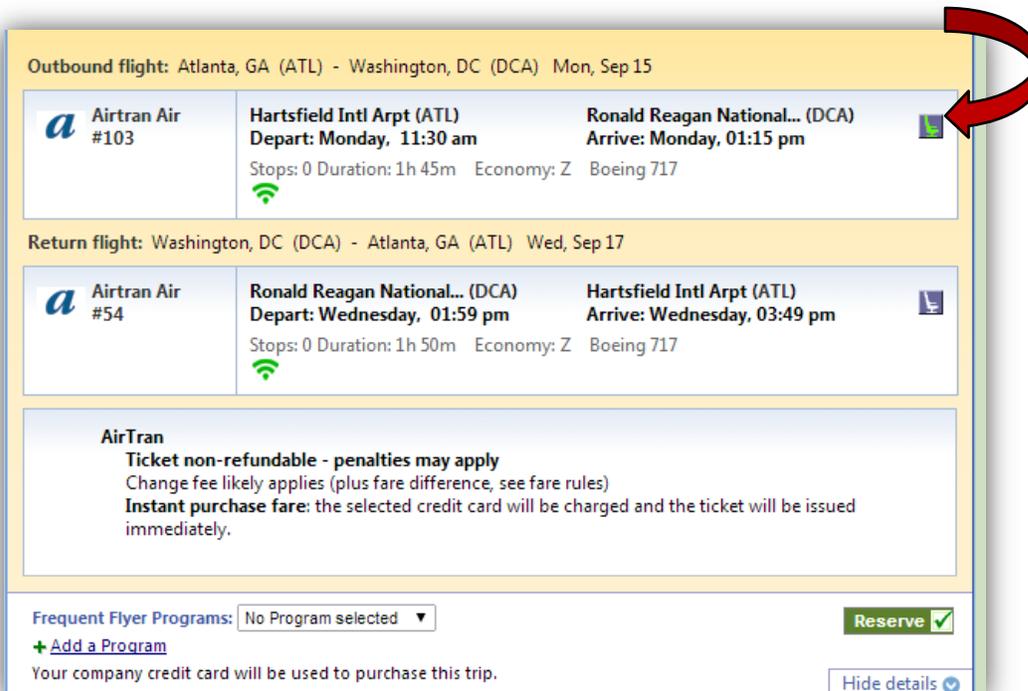

Once requested, the seat icon will change to  to indicate your selection. The seat number will also appear in the Seat Selection Box. To request a different seat, click on the green available seat icon for that seat.

When finished with this leg, click on the **Select Seat** button at the top right corner.

Click the **Close** button to complete the seat request.

The flight details window will appear and the seat icon for the segment you requested a seat for will change from white to green.

You may now request a seat for the other flight segment following the same process.

To continue the reservation process as usual, select the **Reserve** button.

**IMPORTANT NOTES:** Each airline has its own requirements for seat requests and some airlines may not make viewing or requesting seats available. If you are unable to request a seat during the TTE reservation process, go to the airline vendor's website to make your seat request. At any rate, seat assignment is subject to change by the airline.
