# *INTRODUCTORY SECTION*

*Amicalola Falls State Park & Lodge Visitor Center  
Dawsonville, Georgia  
Submitted by North Georgia Mountains Authority*

April 4, 2025

To The Honorable Brian P. Kemp, Governor of Georgia,  
Honorable Members of the General Assembly of the State of Georgia and  
The Citizens of Georgia,

I am pleased to present to you the *Budgetary Compliance Report of the State of Georgia (BCR)* for the fiscal year ended June 30, 2024. This report provides information concerning financial compliance with the amended Appropriations Act for the year ended June 30, 2024.

The financial statements contained within this *BCR* were compiled by the State Accounting Office and are presented in compliance with Georgia's statutory basis of accounting and State budget laws. Since the statutory basis of accounting differs from generally accepted accounting principles (GAAP), the information contained in this report should not be construed to present the financial position or results of operations of the State of Georgia as a whole, nor does this report contain findings and recommendations for organizations included within the State of Georgia financial reporting entity. Such information is presented in the *State of Georgia Annual Comprehensive Financial Report* and the *State of Georgia Single Audit Report*.

## FISCAL PERFORMANCE

State General Fund Receipts (net revenue collections) deposited with the Office of the State Treasurer during fiscal year 2024 were \$36.4 billion, which was (7.55%) more than the final amended revenue estimate of \$33.9 billion. Based on more recent national personal consumption expenditures figures, the shift from goods back to services continues and may have reduced taxable consumption by more than 6% in FY 2024 compared to the level expected without the shift. As a result, state sales tax collections grew by only about (1.4%) over fiscal year 2023.

Despite unprecedented economic challenges in recent years, the State has been able to return over \$5.2 billion directly to Georgia taxpayers through tax rebates and suspension of the state's motor fuel tax in addition to enacting the largest income tax reduction in Georgia history. More specifically, the State has focused on growing Georgia's economy rather than growing state government, and in turn, is reaping the dividends of those smart investments as Georgia remains the number one state in which to do business for a tenth consecutive year. In fiscal year 2024, the State furthered efforts to keep Georgia competitive by investing in our economy and the State's workforce while maintaining the same fiscally conservative approach to governance that has enabled Georgia to remain one of the few states to have a AAA bond rating from all three rating agencies.

### *Revenue Shortfall Reserve*

The ending balance in the Revenue Shortfall Reserve (RSR), or "rainy day" fund, is a critical tool in helping to address budget shortfalls. A focus on conservative budgeting through economic challenges and rampant inflation combined with the State's strong economic performance enabled

Georgia to maintain and then grow the RSR over the last four fiscal years. The balance as of June 30, 2024 of \$5.5 billion represents an increase of \$74.6 million from fiscal year 2023 and the maximum limit of 15% of State General Fund Receipts. The amount of receipts collected in excess of the 15% (\$11.5 billion) were reported as Unreserved – Undesignated – Surplus – Regular on the “Combined Balance Sheet (Statutory Basis) – All Funds”.

By statute, up to 1% of fiscal year 2024 net revenue collections (\$364.4 million) may be appropriated from the fiscal year 2024 Revenue Shortfall Reserve balance for K-12 mid-term growth in fiscal year 2025. The RSR balance as previously discussed has not been adjusted for this potential appropriation of \$364.4 million. In addition, the Governor may release, for appropriation in a subsequent year, funds in excess of 4% of current year (fiscal year 2024) revenue collections.

## OVERVIEW OF THE DETAILED FINANCIAL STATEMENTS

This report focuses on the State’s budgeted funds. The Combining and Individual Statements section presents separately detailed information about the activity and balances for individual State organizations or “budget units.”

- The Combining Balance Sheet (Statutory Basis) – Budget Fund presents the assets, liabilities and fund balances of each budget unit at June 30, 2024.
- The Statements of Funds Available and Expenditures Compared to Budget compares actual **program revenues and expenditures by funding source** to budgeted amounts, which is the legal level of detail identified in the Amended Appropriations Act for fiscal year 2024. These schedules highlight whether all budget units were able to demonstrate budgetary compliance at the program level for revenues and expenditures by funding source. For the current fiscal year, no budget unit drew State funds from the Treasury in an amount greater than its appropriation.
- The Statements of Changes to Fund Balance presents the impact of revenue and expenditure amounts as well as prior period items effecting fund balance, including return of prior year surplus and prior period transactions incurred in fiscal year 2024. These schedules depict the changes in a budget unit’s fund balance from the beginning of the fiscal year to the fiscal year end, and provide a detail of the components of a budget unit’s ending fund balance.
- The Schedule of General Obligation Bonds Appropriated and Issued is presented in order to demonstrate budgetary compliance at the legal level of budgetary control for general obligation bonds, in accordance with Section 50 of the Amended Appropriations Act.

This report also contains two schedules pertaining to revenue collections. The Comparison of Revenue Estimate to Actual Collections Statement, located in the Summary Statements section of this report, provides a detail of changes to the revenue estimates including the initial estimate, subsequent revision(s), and actual collections. The Combining Schedule of Other Funds – Budget Fund presented as a part of the Combining and Individual Statements provides a detail by budget

unit of current year revenue (other than State or Federal funds) available for the operations of an organization.

Ten-year historical information has also been presented. These tables show selected financial information relating to the State's revenue collections, appropriations and expenditures by funding source for the last ten fiscal years.

## ACKNOWLEDGEMENTS

This report is intended to satisfy statutory requirements and provide information useful in evaluating the activity of the State of Georgia in relation to the amended Appropriations Act for fiscal year 2024. We express our appreciation to the fiscal managers and staff throughout the State government and to the Governor's Office of Planning and Budget for their counsel on budgetary matters, and for their efforts in assisting us in the completion of this report. Finally, I would like to thank the staff at the State Accounting Office for their continued dedication in preparing this report.

Respectfully submitted,

Gerlda B. Hines  
State Accounting Officer

## NOTES TO THE FINANCIAL STATEMENTS

---

## Notes to the Financial Statements For the Fiscal Year Ended June 30, 2024

### Note 1. Reporting Entity

For purposes of this report, the State of Georgia has included in the reporting entity all activities and functions used to implement the amended Appropriations Act for fiscal year 2024. Also included in this report are organizations to which prior year appropriations are due and/or from which prior year appropriations or other funds have been returned.

### Note 2. Fund Accounting

The State uses funds to report on its financial position and the results of its operations determined in conformity with accounting practices prescribed or permitted by statutes and regulations of the State. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. Funds presented in this report are as follows:

**Budget Fund (Statutory Basis)** – The fund used to account for activities and programs as set forth in the amended Appropriations Act for fiscal year 2024.

**General Fund (Cash Receipts and Disbursements Basis)** – The fund used to account for the collection of specific revenues of the State of Georgia as provided by statute or administrative action, and transfers (appropriation) to the various State organizations for operational costs of the fiscal year. This is not a General Fund as defined by generally accepted accounting principles (GAAP).

**Debt Service Fund (Statutory Basis)** – The fund used to account for the payment of general obligation bond debt principal, interest, and related costs. The unretired principal balance of general obligation bond issues is reported in this fund. Additionally, an “amount to be provided” (from future appropriations) for retirement of bond principal is reported. This is *not* a Debt Service Fund as defined by GAAP.

All funds included in this report are reported in conformity with statutory requirements. Disclosures required by GAAP have not been included. GAAP financial statements and disclosures are reported in the State’s *Annual Comprehensive Financial Report*, which can be obtained from the State Accounting Office, 200 Piedmont Avenue SE, 1604 West Tower, Atlanta, Georgia, 30334, or on the web at <https://sao.georgia.gov/swar/acfr>.

### Note 3. Basis of Accounting

Funds included in the *Budgetary Compliance Report (BCR)* are reported using various statutory bases of accounting, which are designed to emphasize accountability and budgetary control of appropriations. The *BCR* is not intended to present the State’s financial condition and results of operations in conformity with GAAP.

The State maintains its General Fund on the cash receipts and disbursements basis of accounting. However, it maintains its Budget Fund and Debt Service Fund on a statutory basis which is substantially the same as the modified accrual basis of accounting, with the following exceptions:

- Receivables and revenues of State appropriations are recorded when appropriations are allotted to the budget units by the Office of the State Treasurer.
- For expenditure-driven funding arrangements (grants, sales and services), receivables and revenues are recorded when qualifying statutory-basis expenditures are recorded or when services have been provided.
- All other revenues are recorded when received in cash.
- Liabilities and expenditures are recorded when purchase orders or other contractual obligations to procure goods or services have been executed.

## Notes to the Financial Statements For the Fiscal Year Ended June 30, 2024

### Note 3. Basis of Accounting (Continued)

- Expenditures for items not requiring purchase orders are recorded when the goods or services are received. However, agencies may record these expenditures when presented for payment as long as the application of this method is applied consistently, and the appropriate number of occurrences is reflected each year.
- Liability and expenditure accruals in the General Fund include amounts due to the budget units (Budget Fund) for operational costs of the fiscal year and undistributed sales tax collected on behalf of local governments.

Prior year adjustments and certain other items are reported as additions to and deductions from beginning fund balances in the accompanying financial statements.

As mentioned above, the statutory basis of accounting used in the *BCR* is comprehensive basis of accounting other than GAAP. GAAP requires that governmental funds be reported using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due or (for debt service expenditures) when amounts have been accumulated in the debt service fund for payments to be made early in the subsequent fiscal year. Also, under the modified accrual basis of accounting, immaterial prior period adjustments are reported as revenues or expenditures, as appropriate.

### Note 4. Budget

Appropriation allotments to the various budget units are based on budgets submitted by the organizations and approved by the General Assembly and the Governor. The budgets are compiled in the same manner by all organizations included in this report and expenditures are classified by program and funding source, which is the legal level of budgetary control as provided for in the amended Appropriations Act for fiscal year 2024.

### Note 5. Reserved Fund Balances – General Fund

The Revenue Shortfall Reserve accumulates revenues in excess of expenditures in any given fiscal year to be used in the following circumstances:

OCGA Section 45-12-93(b) provides that “the amount of all surplus in state funds existing as of the end of each fiscal year shall be reserved and added to the Revenue Shortfall Reserve. Funds in the Revenue Shortfall Reserve shall carry forward from fiscal year to fiscal year, without reverting to the general fund at the end of a fiscal year.” Up to 1% of the preceding fiscal year’s State General Fund Receipts (Net Revenue Collections) may be appropriated from the reserve for funding increased K-12 needs and the Governor may release reserve funds in excess of 4% of State General Fund Receipts (Net Revenue Collections) for appropriation. The reserve cannot exceed 15% of the previous fiscal year’s net receipts for any given fiscal year. On June 30, 2024, the total reserved fund balance for the Revenue Shortfall Reserve was \$5,466,259,838.00, which represents 15% of State General Fund Receipts (Net Revenue Collections). The reserve fund balance for the Revenue Shortfall Reserve is comprised of \$5,466,259,838.00 in the General Fund. The receipts in excess of 15% of State General Fund Receipts, (\$11,476,167,236.43 or 31.49%), are reflected as Unreserved – Undesignated – Surplus – Regular on the “Combined Balance Sheet (Statutory Basis) – All Funds. Of this surplus, \$470,608,175.32 is reported in the Budget Fund and \$11,005,559,061.11 in the General Fund.

**Lottery for Education** – The reserved fund balance for the Lottery for Education in the amount of \$2,412,796,535.12 was determined as provided by the OCGA Section 50-27-13 as follows:

Beginning in Fiscal Year 2025 and for each fiscal year thereafter, if on the last day of the preceding fiscal year the total reserve fund balance exceeds the minimum reserve, an amount equal to 10 percent of the excess reserve funds, meaning the amount that the total reserve fund balance exceeds the minimum reserve, shall be appropriated for educational purposes and programs. If the net proceeds paid into the Lottery for Education Account in any year are not sufficient to meet the amount appropriated for educational purposes and programs, the shortfall reserve may be drawn upon to meet the deficiency and any amount so drawn may count for purposes of appropriations in subparagraph (A) of this paragraph. If the shortfall reserve is drawn upon and falls below 50 percent of the average amount net proceeds deposited into such account for the preceding three fiscal years, the shortfall reserve shall be replenished to the level required by subparagraph (A) of this paragraph in the next fiscal year and the lottery funded programs shall be reviewed and adjusted accordingly."

At June 30, 2024, the amount of this reserve was \$25,335,402.50.

**State Revenue Collections** – The reserved fund balance for State Revenue Collections represents amounts collected by State organizations but not remitted to the Office of the State Treasurer at June 30, 2024. As such, these amounts were not available for appropriation until fiscal year 2025.
