

**Additional Instructions for Loan Recording  
Schedule of Expenditures of Federal Awards (SEFA)  
Fiscal Year 2021**

1. The amount recorded, in the expenditures section of the SEFA webportal application, should equal the Expenditures amount (on a GAAP basis), as defined in **2CFR 200.502 – Basis for determining Federal awards expended**, as follows:
  - a. **2CFR 200.502(b)** Loan and loan guarantees (loans). Since the Federal Government is at risk for loans until the debt is repaid, the following guidelines must be used to calculate the value of Federal awards expended under loan programs:
    - (1) Value of new loans made or received during the audit period; plus
    - (2) Beginning of the audit period balance of loans from previous years for which the Federal Government imposes continuing compliance requirements; plus
    - (3) Any interest subsidy, cash, or administrative cost allowance received.
2. The Federal requirements are slightly different for loans made to students of Institution of Higher Education (IHE), but the IHE does not make the loan (such as for CFDA 84.268), as follows:
  - a. **2CFR 200.502(c)** Loan and loan guarantees (loans) at IHEs. When loans are made to students of an IHE but the IHE does not make the loans, then only the value of loans made during the audit period must be considered Federal awards expended in that audit period. The balance of loans for previous audit periods is not included as Federal awards expended because the lender accounts for the prior balances.
3. Therefore, SAO recommends, completing the loan section first and then entering in the expenditure amount (located in the SEFA System at the top of the screen).

**Following are more detailed SEFA webportal application entry instructions:**

4. Any CFDA with loan activity should click “Yes” in step 6, which will enable the additional loan related boxes to appear. **These additional boxes also need to be completed.**

The screenshot shows a web portal form for loan recording. At the top, question 6 is circled in red: "6. Is there any Loan Activity?" with radio buttons for "Yes" (selected) and "No". Below this is section A: "A. Is there any Loan Activity relating to an Institution of Higher Education (IHE)?" with "Yes" selected. The form contains several input fields with blue help icons: "Prior Year Outstanding Loan Balance", "Beginning Balance" (labeled 'd'), "New Loans Made During The Year" (labeled 'e'), "Loan Adjustments - If amount noted, a comment is required in the explanation box explaining the nature of the adjustment" (labeled 'f'), "Loans Repaid During The Year" (labeled 'g'), "Federal Awards Expended", and "Outstanding Loan Balance" (labeled 'i').

**Note: There is additional guidance provided in the blue help circles**  .

- Any CFDA with loan activity relating to IHEs should click “Yes” in step 6A, which will enable step 6B to appear. (note: loan CFDA’s at a University, College, or Technical College would select “Yes” for step 6A)

A. Is there any Loan Activity relating to an Institution of Higher Education (IHE)? Yes  No

B. Does the IHE make loans to the students? Yes  No

- Step 6B needs to be answered depending on whether the IHE makes the loans to Students. (note: at this time step 6B should only be marked “No” for CFDA 84.268).
- Also, if step 6B is “No”, other boxes gray out (remember the definition at the top from 2CFR502(c), as to elements that are included in calculating expenditure amount). Therefore, only complete the boxes relating to “New Loans Made During the Year”(e) and if applicable, “Loan Adjustments”(f), which could include the value of and interest subsidy, cash or administrative cost allowance, etc.
