Agencies **not** using Time Tracking in GA@WORK at go-live

What is time tracking in GA@WORK?

For agencies using time tracking in GA@WORK, it is where employees will enter time and track their time worked.

Will all agencies use time tracking in GA@WORK?

Certain agencies will not use time tracking in GA@WORK. At go-live, the agencies listed below will continue to use their current systems for time entry.

What if my agency is not listed below?

If your agency is not listed, then your agency will use GA@WORK for time entry at go-live. Training will be available how to use time tracking.
