# ELEVATOR PITCH

Use the information below to start discussions about the NextGen project with colleagues, direct reports, project stakeholders and other interested parties.

## WHAT
NextGen will replace the current PeopleSoft Human Capital Management + Finance systems with a modern, cloud-based ERP system.

## WHO
The project will benefit State entities, employees, suppliers and contractors.

## WHEN
The NextGen project started in 2021 and is expected to be completed within a few years.

## WHY
The current PeopleSoft system is 20+ years old. Such a dated system is becoming more difficult and costly to support.

## HOW
SAO owns the NextGen project, working with DOAS and with oversight provided by GTA + the General Assembly.

## VISION
Propel Georgia government into the forefront of technology and change the way we do business by offering employees, vendors and the public modern solutions to make Georgia efficient and effective.
