Overview

Employees requiring a Vendor ID to receive Expense Reimbursement can request a Vendor ID and those with an existing Vendor ID can update personal and bank account information in the Employee Expense Reimbursement module in Employee Self Service (ESS) totally online.

Please note that in this document Direct Deposit refers to Payroll and ACH refers to Expense Reimbursement. Also, information entered for the Employee Expense Reimbursement module does not impact Payroll. Employee Expense Reimbursement and Payroll are separate.

Agencies do not add or maintain Employee Vendor IDs and SAO does not update Employee Vendor information. Employee Expense Reimbursement gives employees full control of their personal and banking information.
