### The Honorable Nathan Deal, Governor of Georgia Teresa MacCartney, Executive Director of OPB

It is my privilege to present the Georgia Revenues and Reserve Reports (previously entitled Selected Summary Financial Information) for the fiscal year ended June 30, 2016. The objective of this report is to present information about taxes, fees, assessments, and other revenues collected under Constitutional and statutory authority and remitted to the Office of the State Treasurer (OST) during the fiscal year. The report also provides the legislative appropriation of such funds as set forth in the Amended Appropriations Act of 2015 - 2016. Finally, the report provides balances remaining at fiscal year-end including a preliminary calculation of the revenue shortfall reserve.

This report does not provide a comprehensive analysis of the State's general operating revenue, but discloses only those amounts remitted to OST. Federal funds and departmental collections retained for use by the various departments and agencies of the State are not presented in this report.

Information in this report is presented on a basis of accounting (statutory basis), which is substantially the same as the cash receipts and disbursements basis of accounting, with the following exceptions, for which (net) funds available or appropriations have been reported even though cash has not been received/disbursed:

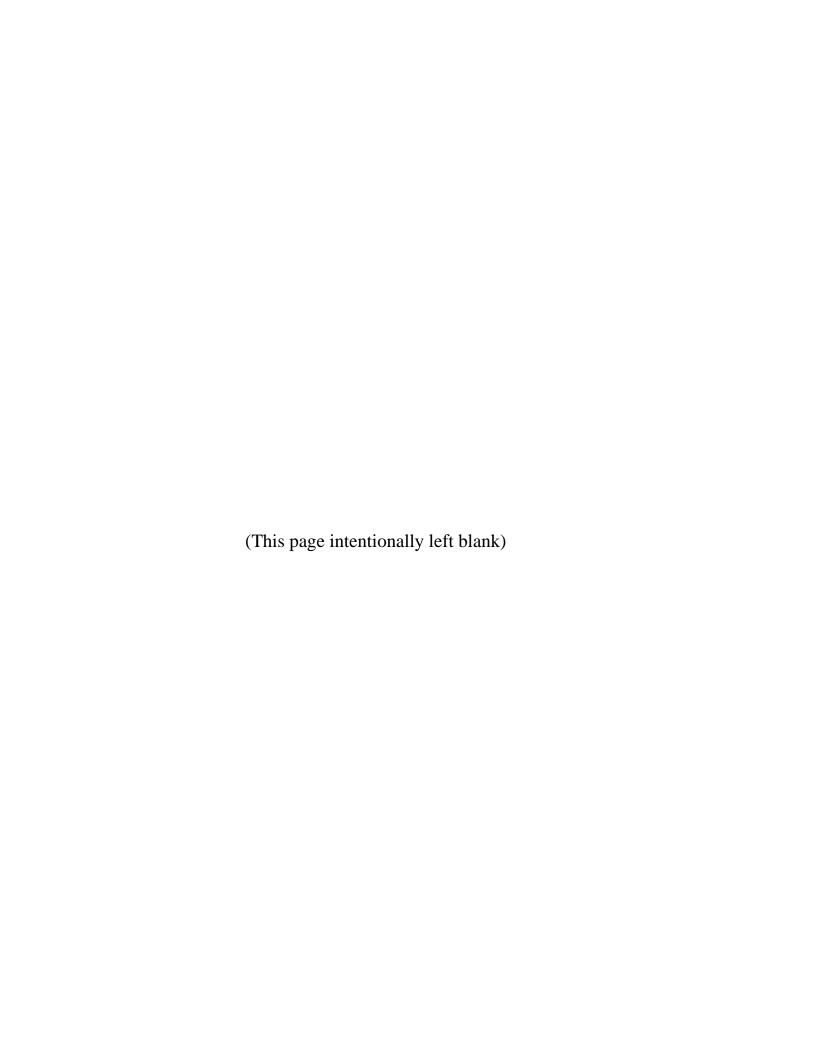

- (1) Amounts due from the Georgia Lottery Corporation,
- (2) Amounts due to the various State organizational units for:
  - (a) Operational costs of the fiscal year and
  - (b) Undistributed sales tax collections (for local governments).
- (3) Amounts due to Georgia Fund 1 for uncollected earnings.

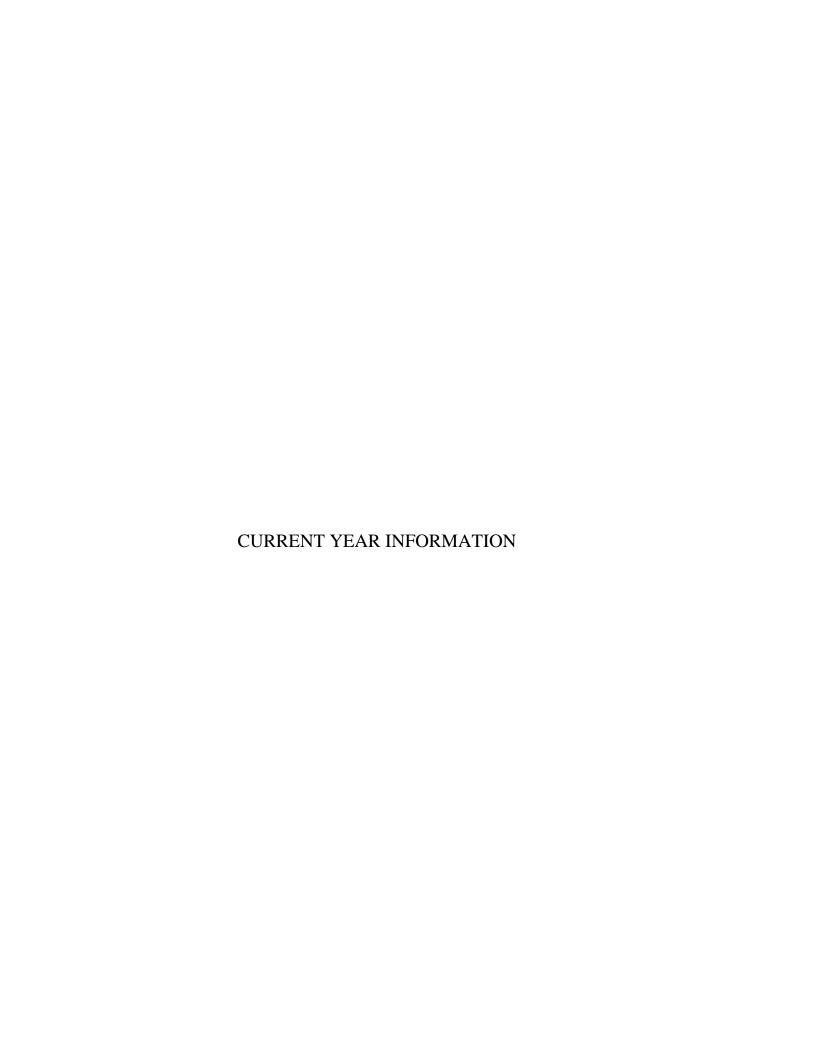

This basis of accounting is a comprehensive basis of accounting other than generally accepted accounting principles.

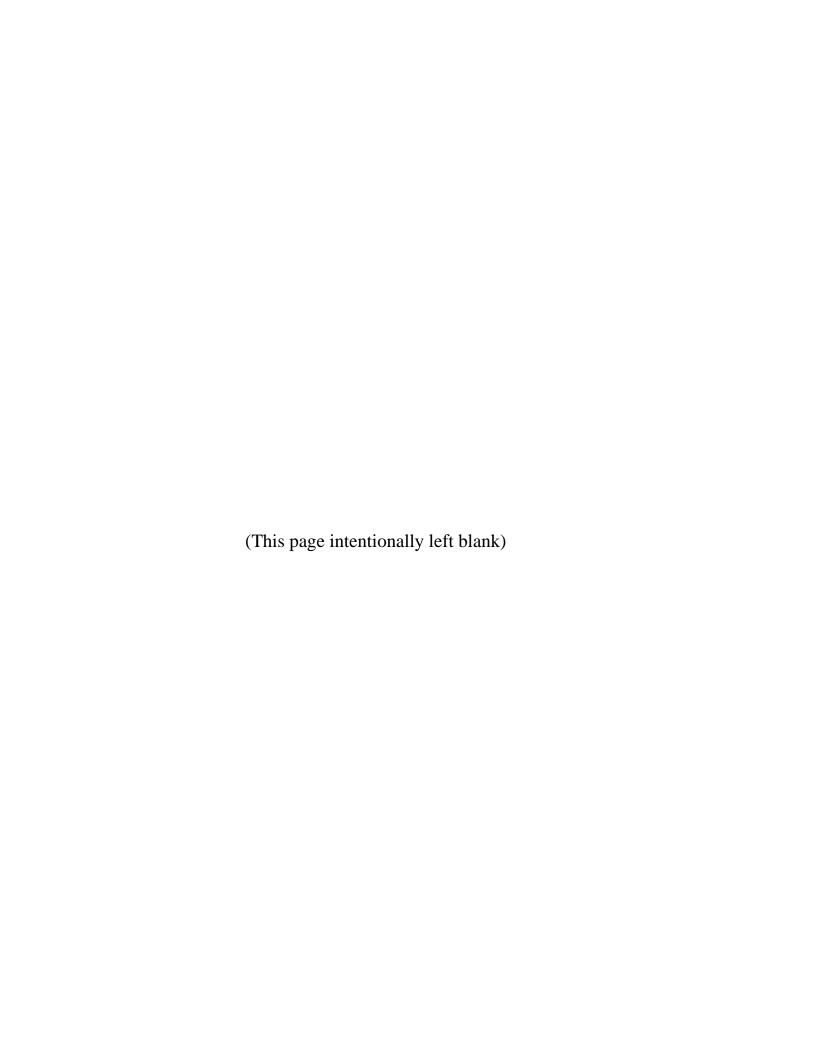

The information contained in this report should not be construed to present the financial position or results of operations of the State of Georgia as a whole. Such information will be presented in the State of Georgia *Comprehensive Annual Financial Report*, which will be issued in December 2016.

Respectfully submitted,

Thomas Alan Skelton, CPA State Accounting Officer

Funds in the Revenue Shortfall Reserve shall carry forward from fiscal year to fiscal year, without reverting to the general fund at the end of a fiscal year." Up to one percent (1%) of the preceding fiscal year's net revenue collections may be appropriated from the reserve for funding increased K-12 needs and the Governor may release reserve funds in excess of four percent (4%) of net revenue collections for appropriation. The reserve cannot exceed fifteen percent (15%) of the previous fiscal year's net revenue for any given fiscal year.

The reserve included in this report is labeled "Preliminary," as it does not include the lapsing of current year surplus from appropriated agencies. Final close-out and audit of agency surplus will be completed subsequent to the release of this report.

If the net proceeds paid into the Lottery for Education Account in any year are not sufficient to meet the amount appropriated for education purposes, the shortfall reserve may be drawn upon to meet the deficiency. In the event the shortfall reserve is drawn upon and falls below 50 percent of net proceeds deposited into such account for the preceding fiscal year, the shortfall reserve shall be replenished to the level required in this paragraph in the next fiscal year and the lottery-funded programs shall be reviewed and adjusted accordingly."

The reserve included in this report is labeled "Preliminary," as it does not include the lapsing of current year surplus from appropriated agencies. Final close-out and audit of agency surplus will be completed subsequent to the release of this report.

This reserve represents funds available as provided by the State of Georgia's share of the National Association of Attorneys General's Master Tobacco Settlement Agreement. Although no specific legal requirement for this reserve exists, the State's budget writers have chosen to establish a separate appropriations fund for the disbursement of these funds. Accounting for these funds within a reserve facilitates identification of the unexpended funds available for future appropriation.

The reserve included in this report is labeled "Preliminary," as it does not include the lapsing of current year surplus from appropriated agencies. Final close-out and audit of agency surplus will be completed subsequent to the release of this report.
